Modern Fuchsias NOVELTIES

AUSTRALIA FAIR: An extra large skirt of white, heavily marked with carmine, sepals of bright red. The most outstanding variety yet raised in Australia, free-flowering, medium height. 2/6.

AUSTRALIA FELIX: Sepals bright pink, with a semi double skirt of white flushed rose. Medium grower. 2/-.

AMBASSADOR: Extra large double skirt of true mauve, sepals of bright carmine. Tall grower. 2/-.

BEAUTY OF DEVON: Semi-double skirt of lavender blue outer petals, smoked with carmine sepals, salmon pink tip with white extra long sepals. Tall grower outstanding variety. 2/-.

CLASSIC: Sepals red with a long double white skirt heavily marked with red, tall grower. 2/-.

CAMBON'S EMPRESS: A double wine-colored skirt of complete rosette shape, sepals bright carmine. Complete new shape and color. Medium grower. 2/-.

COLOSSUS: Single deep purple to violet flared skirt with bright scarlet sepals. Tall strong grower. 2/-.

DEVONIENSIS: Single bright carmine pink skirt, marked with lighter pink stripes, sepals bright carmine, extra tall grower and free flowering. 2/-.

EASTERN: Large double salmon pink skirt with red reflexed sepals. Dwarf habit and very free-flowering: outstanding. 2/6.

FAIRY IN LAVENDER: Small bright lavender skirt and red sepals, very free flowering, new and distinct variety. The plant in flower appears to have a lot of little red and mauve fairies hanging on it, dancing in the wind. 2/6.

GIANT PHENOMENAL: Sepals bright scarlet with an extra large double skirt of purple crimson, outside petals of which are flaked with bright scarlet. Tall grower. 2/6.

LES PICOL: Large double carmine flaked with purple skirt, reflexed sepals, bright scarlet. Medium grower. 2/-.

LOVELY FAIRY: Sepals white with a semi double lavender skirt, outer petals of which are smoked with light pink. Medium grower. Absolutely a new color and formation. 2/6.

MAUVE ECLIPSE: Large brilliant mauve skirt with waxy red reflexed sepals. Medium height. 2/-.

NANCY WARNER: Semi double white skirt which, when open, is like a crinoline. Reflexed sepals of white flushed with a faint tinge of pink. New outstanding variety. Medium grower. 2/-.

OLD PORT: Double skirt of deep wine, marked with red. Sepals of bright scarlet. Medium height. 2/-.

ROSE GIANT: Double mauve skirt which changes to bright rose, sepals carmine. Tall grower. 2/-.

SWEET LAVENDER: Large single lavender to purple, flared skirt, with salmon pink reflexed sepals. Tall grower, free flowering variety. 2/6.

SCARCITY: So named owing to the scarcity of leaves to flowers, there being two flowers to each leaf. A large single skirt of ruby red with bright red sepals. A dwarf grower and most prolific flowering yet raised. 2/-.

TANGO QUEEN: Sepals and Corolla of bright orange. A new color single. Medium grower. 2/6.

WAX WORK: Sepals bright carmine, extra large double waxy white skirt. Medium grower. 2/-.

GENERAL LIST

BARNELL: Large double white skirt with reflexed carmine sepals. Medium grower.

BARON VON KETTLER: Most distinct, tube and sepals carmine, sepals recurved and tipped green. Skirt rich Indian red. Single extra free flowering. Strong growth.

BEAUTY OF EXETER: Semi double rosy purple skirt with salmon red sepals.

BEAUTY OF SWANLEY: Pure waxy white tube and sepals, the latter elegantly reflexed, corolla bright pink. Tall grower.

BALACLAVA: Single heliotrope skirt with rosy carmine sepals. Medium grower.

BLACK PRINCE: Tube and sepals bright, waxy carmine color, sepals large and broad, with pale green tips, with a large open pale pink skirt; tall grower.

CAMELLIA: Ruby red sepals with a double pure white skirt. Dwarf grower.

CORALLIE: Single tubular, very large flowers, rich coral pink. Medium grower.

CRINOLINE: Bright pink sepals, with a pink flared skirt. Tall grower.

CYCLAMEN: Double white skirt, slightly flushed with pink, sepals red. Medium grower.

DOLLAR PRINCESS: Sepals of crimson, with a dark double blue skirt. Dwarf grower.

DON JELUES DELO: Sepals red with a double mauve skirt. Medium grower.

DARK BOY: A dwarf variety with a reddish purple double skirt and scarlet reflexed sepals. Very free flowering.

DRESDEN MAUVE: Sepals red with a double light mauve skirt. Tall grower.

DUKE OF ORLEANS: Small single orange skirt with white sepals. Medium grower.

EARL OF BEACONSFIELD: Bright single pink skirt and pink sepals. Tall grower.

ELEGANT: Double navy blue skirt with red sepals. Free flowering. Medium grower.

ENGLAND: Sepals bright carmine with a double skirt of very light salmon pink. Medium grower.

ENGLAND'S WHITE: Double white skirt, faintly lined with pink, sepals carmine. Medium grower.

INFANT'S PRODIGY: Small semi double purple skirt with red sepals. Very free flowering. Medium grower.

J. B. VACCOMBE: Sepals red with a single wine-red skirt. Extra tall grower.
